

ELEVATE'S VOLUNTEER

PATIENT TRANSPORTATION

There are many individuals in our community that don't have transportation to their critical medical appointments. Elevate is proud to partner with local volunteers to staff the Elevate van and fill the gap in transportation.

Here are some details on how to use Elevate's transportation:

- Patients must pay for rides. Cash or check are accepted. We do not accept insurance or credit cards. Payment is taken when the patient is picked up at the beginning of the ride.
- The van does not have a wheelchair lift, and patients must be able to walk independently.
- This is a Perham Health volunteer-based service. We appreciate as much lead time as possible to allow us time to line up a volunteer driver.
- Patients or staff can connect with us to set up transportation for appointments.
- Once we have the details, we can provide the cost quote using the pricing structure.
- Typically, rides are available during normal clinic hours (7am-5pm). We cover Perham and surrounding areas. If drivers are available, we can accommodate rides outside of the Perham area. All rides are at the discretion of the volunteer coordinator and dependent on volunteer driver and van availability.

DETAILS NEEDED

- Name
- Address
- Phone Number
- Appointment Time
- Appointment Location
- Length of Appointment

PRICING STRUCTURE

- Cost is \$10 roundtrip within Perham City limits.
- Cost is \$10 + .65 cents per mile outside of Perham City limits.
